**R**EV. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so crowded, wearied me that it would require a day or more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous this Monday morning as I ever felt in my life, thanks to your remedies. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

For Congressman Fourth District,

MAJOR CHAS. W. LEE,

Of Switzerland County.

It is evident that some of the democratic papers of the Fourth district have not forgotten the unfriendly stand Mr. Griffith took against newspapers generally when he was in the legislature. They are letting him take care of himself.

For a man who thinks he is big enough to be president, Claude Peanut Matthews is not creating much of a stir by his canvas of the Fourth district. It is generally understood that he is laboring more for himself than for the election of Griffith. He wants to succeed Senator Turpie.

THE calamity orator who got his training under the administration of Grover Cleveland, continues to talk some but not so loud and long as he did a year ago. His old speech won't fit the conditions under a republican administration.

THE work on the brick streets continues to progress rapidly in spite of the excessively hot weather. That part of work already completed proves that the Capital Paving Company means to give the city a first class job in every particular.

THE admirers of Major Chas. W. Lee in the Fourth district are becoming more numerous as he extends his acquaintance. There is no better citizen in the district than he and his fitness to represent the people in congress is conceded by all. The republicans will do their duty next Tuesday by electing him.

THE Columbus Herald, an Overmyer organ, gave more space to advertising the coming of the Jennings county banker to that town than to all the other democratic speakers. Over a few subjects in the Fourth district it seems that Overmyer has the power of a hypnotist.

IT requires a large slice of that commodity, called "cheek" in American language for a democrat to talk of the campaign in Ohio as one of men against money, when that party has a bank president as its candidate for governor and the millionaire McLean the moving spirit of the party in the state.—New Albany Tribune.

MR. PRESTON, director of the United States Mint, thinks it highly probable that Mexico will, at no distant day, follow the example of Japan and adopt the gold standard. "Mexico is exceedingly uneasy under the present system of silver in that country," he says, "and I believe that a change is coming there. It is quite to be expected that they should feel as they do when the rate of exchange is \$1.25, with no hope of improvement in the near future."

When bilious or costive, eat a Cascara, candy cathartic, cure guaranteed. 10c and 25c.

REPUBLICAN PROMISES REDEEMED.

The logic of the above figures and the fact that there is a decided improvement in every branch of business, proved conclusively that the Republican policy is right, and that the pledges of the Republican party made during the last campaign are being rapidly redeemed. Republican prosperity has already set in under the McKinley administration, and there is every evidence that we are entering upon an era of better business and general prosperity in this country.

If every voter in the Fourth district will study carefully the above figures and will consult his personal interests, there can be but one conclusion reached in his mind when he enters the election booth on Aug. 10, and that conclusion will be to vote for the man who represents the principles and policies of the Republican party. Major Charles W. Lee.

## REDUCTION OF FARM MORTGAGES

Facts About the Counties in the Fourth Congressional District.

Silver and Farm Products—Figures Showing that the Price of One Has Absolutely Nothing to Do with the Other.

Republican Promises Have Been Redeemed and Prosperity Has Already Set in Under the McKinley Administration.

Market Quotations Tell the Tale.

The stock argument of the advocates of free silver coinage at a ratio of 16 to 1, in the last campaign, was that a decrease in the value of silver always caused a corresponding decrease in the price of farm products, and particularly wheat. The following comparisons in the price of wheat and other farm products, and the value of silver in 1896 and 1897, disprove these claims absolutely.

The prices on farm products herein given are taken from the Indianapolis market quotations, and the prices of silver from the general market quotations.

### INDIANAPOLIS MARKET QUOTATIONS.

July 20, 1896.	Wheat, No. 2 Red	per bushel, \$0.55 1/2
July 20, 1897.	Wheat, No. 2 Red	" .73
Advance.		" .17 1/2
Percentage increase in price.		31 1/2
July 20, 1896.	Wool	per pound, \$0.12
July 20, 1897.	Wool	" .16
July 20, 1896.	Cattle	\$4.00 @ 4.25
July 20, 1897.	Cattle	" 4.60 @ 4.85
July 20, 1896.	Hogs	\$3.20 @ 3.50
July 20, 1897.	Hogs	" 3.65 @ 3.80

### SILVER BULLION.

July 20, 1896.	Silver bullion	per ounce, \$0.69 3/4
Value of silver in standard dollar, July 20, 1896.		.53 1/4
July 20, 1897.	Silver bullion	per ounce, .59
Value of silver in standard dollar, July 20, 1897.		.45 6/10
Decrease in price of silver.		.15 per

Sheep advanced in price per head.

Wool advanced in price, per pound, in 1897.

Silver declined in price, per ounce, in 1897.

These figures show plainly that the price of farm products has advanced during the last year, while the value of silver has continued to decrease, and proves conclusively that the price of silver has absolutely no effect on the price of wheat and other farm products.

### REDUCTION OF FARM MORTGAGES IN THE FOURTH DISTRICT.

Another claim of the advocates of the free and unlimited coinage of silver, and the calamity-shriekers in the campaign of 1896, was that on account of the low price of farm products, which they claimed to be due to the depreciation in the value of silver, a majority of farmers were becoming burdened with debt, and that the number and amount of farm mortgages were being increased each year.

The following figures, taken from the records in the offices of the recorders of the counties comprising the Fourth congressional district, show that the people are paying mortgages a great deal more rapidly than they are giving mortgages.

## BIKE RECOVERED.

Found in the Country Ten Miles Southwest of Columbus.

The bicycle belonging to the REPUBLICAN office, which was stolen last Friday evening, was recovered yesterday. A telegram was sent here yesterday from Columbus by L. F. Brewer that the wheel had been located. Mr. Remey left on the next train for Columbus, secured a horse and buggy and with Mr. Brewer drove ten miles southwest, secured the wheel and drove back to Columbus.

A stranger rode the wheel into the neighborhood of Ogleville last Saturday and proposed to trade it off, saying to some that he had ridden from St. Louis and to others from Louisville, and was tired "wheeling it." He wanted first to trade for a horse and buggy but could not strike a trade of that sort. Among others he met Wm. Elkins, a young farmer, and proposed a trade with him. After talking sometime he did trade with Elkins who gave him a good watch for the wheel. The stranger then walked on towards Walesboro, but enquired of some people he met the distance to Columbus. His whereabouts since that time are unknown.

The REPUBLICAN is grateful to Mr. Brewer and to other friends who gave aid and information which led to the recovery of the wheel, and hopes that Mr. Elkins may be fortunate enough to recover his watch.

## BAILEY DIDN'T SHOW UP.

The Few on the Inside Did Not Expect Him at Any Time.

For ten days the populists advertised the coming of Co gressman Bailey, of Texas. They told the people that he would positively speak at Seymour, Wednesday night, August 4. It now occurs that he had given no positive assurance at anytime that he would be present, and that those on the inside did not expect him. His name was used to draw a crowd. A little deception for that purpose was not considered out of place, although some of the party leaders openly say that no good can come to the party as a result of such tactics.

But in spite of the big Bailey posters that the "leader of the democrats in congress" would speak, only about two hundred men, women and children

came down town to hear the Texan. These were sorely disappointed when Attorney J. T. Arbuckle stood up on the platform on the street corner and announced that Mr. Bailey would not be present, but that Hon. Henry Warrum, of Indianapolis, would fill the appointment. Now Mr. Warrum is a very nice fellow, but the people didn't come out to hear him. They were disappointed and became restless as soon as they knew the situation.

Mr. Warrum labored hard for forty-five minutes to interest them. He spoke eloquently for the cause of popocracy but the nervousness of the crowd increased. When he began to tell how "inquisitions" a protective tariff is his hearers began to feel sorry for him.

This part of his speech, especially, was designed to thin out the crowd wonderfully.

He devoted a few minutes to the cause of money from a populist standpoint. He said he had talked for free silver so much that he had a "metallic taste in his mouth." He seemed to want to get rid of that so he said he would not say much about it here.

He said it didn't make much difference what candidate was elected to congress, but it would be a great disappointment to Bryan if the free silver forces should be defeated. On that account he appealed to democrats to vote for Griffith. Like all other speakers he manifested little interest in the candidacy of Mr. Griffith himself.

Mr. Warrum left at 10:42 for Indianapolis. He remarked before leaving that he would be glad when he got back home—out of the Fourth district.

John D. McLean's  
Great Newspaper.

Without a single exception, there  
is beyond doubt no greater or more  
popular newspaper in the United  
States than the Cincinnati Enquirer;  
or a more successful publisher than  
its proprietor, Mr. John R. McLean.

The old-time prices for the Daily  
Enquirer have been maintained, and  
its circulation largely increased each  
year; hard times and cheaper journals  
failing to arrest its onward march  
and high appreciation of the public  
for its true worth and merit.

The Weekly Enquirer at beginning  
of the campaign year was offered at  
50 cents a year, and its circulation  
increased by the addition of over  
200,000 new subscribers; the most  
substantial and coveted testimonial a  
publisher could desire.

When asked for the secret of such  
success, Mr. McLean frankly answers:  
The Enquirer has no opinions to force  
upon its patrons; it simply prints the  
facts and tells the truth that the reader  
may form his own opinions. By  
maintaining the price of the paper,  
more news and greater variety can be  
furnished, and every class of business  
interests catered to, which a cheaper  
journal cannot afford.

The very liberal support given the  
Enquirer by the public at large, makes  
it incumbent upon the management  
to serve it faithfully with zeal and  
enterprise in minor matters as well as  
those of greater magnitude.

a good eating stand there.

We would like to look into the pleas-  
ant face of some one who has never had  
any derangement of the digestive sys-  
tem. We see the drawn and unhappy  
faces of dyspeptics in every walk of life.  
It is our national disease, and nearly all  
complaints spring from this source. Re-  
move the stomach difficulty and the  
work is done.

Dyspeptics and pale, thin people are  
literally starving because they don't  
digest their food. Consumption never  
develops in people of robust and normal  
digestion. Correct the wasting and loss  
of flesh and we cure the disease. Do  
this with food.

The Shaker Digestive Cordial contains  
already digested food and is a digester  
of food at the same time. Its effects are  
felt at once. Get a pamphlet of your  
druggist and learn about it.

honey by a new process. Children like

days. Dr. Shields is a first class citizen,  
an intelligent gentleman and will make  
an efficient postmaster.

A Remarkable Cure of Chronic Diarrhoea.  
In 1861, when I served my country as  
a private in Company A, 107th Penn-  
sylvania Volun'ers, I contracted  
chronic diarrhoea. It has given me a  
great deal of trouble ever since. I  
have tried a dozen different medicines  
and several prominent doctors without  
any permanent relief. Not long ago a  
friend sent me a sample bottle of Cham-  
berlain's Colic, Cholera and Diarrhoea  
Remedy, and recommend it to all suf-  
fering veterans. If in doubt write me.  
Yours gratefully, Henry Steinberger,  
Allentown, Pa. Sold by C. W. Mil-  
house, the druggist.

MINISTER SEWALL.

dition by the Hawaiians of the principle for which they contend, without insisting upon substantial pecuniary damages. It was also reported that the future conduct of the negotiations had been transferred entirely from Honolulu to Tokio. No reference whatever was made in the dispatches to the reported intention to establish a protectorate.

Admiral Miller sails from San Francisco tomorrow for Honolulu, where he will receive Admiral Beardo of the command of the Pacific station. As the former had long interviews while in Washington with the president and with Secretary long, it is not doubted that he has full instructions for dealing with any emergency that may arise in the islands.

#### HAWAIIAN PROTECTORATE.

State Department has no official information on the subject.

WASHINGTON, Aug. 5.—The state department professor to be without official information in regard to the rumor of a protectorate over Hawaii, and the officials in charge state that no such move is expected at this time. In talking privately about the matter some of the officials say that they would not be surprised to hear that Minister Harold Sewall had raised Old Glory and declared a protectorate. While he had no positive instructions to do this, he was given power to act according to his discretion. When he left for Honolulu he knew that the annexation treaty was being negotiated, and he was given instructions how to act when it was sent to the senate. He was told that should any friction arise in the island during the pendency of the treaty in the senate, he was to act for the best interests of the United States. Some of the state department officials think that Mr. Sewall, who is on the spot, knows the conditions there better than they do, and if he has decided to raise Old Glory at this time he is using his discretion to prevent further trouble, which he has a perfect right to do.

#### NEWS FROM HAWAII

Japanese Immigration Trouble May Be Settled Amicably.

#### NO PROTECTORATE DECLARED.

At Least Minister Sewall Has Not Notified the State Department of Such Action—New Peruvian Minister Presented With a Demand for Indemnity in the McCord Case.

WASHINGTON, Aug. 5.—The latest Hawaiian mail to reach the state department brings the record of events on the island up to the 23d of last month, but as the news of the failure of the senate to act upon the annexation treaty had not then reached Honolulu, there was no change in the status of the annexation problem to present.

Minister Sewall told in detail of the development of the diplomatic correspondence between Japan and the Hawaiian government growing out of the labor controversy, and reports that in the opinion of the best informed people on the islands, the Japanese government will be amply content with a recognition.

BROUGHT TO TERMS.

Morocco Must Pay Indemnity for Assaults on Americans by Moors.

TANGIER, Aug. 5.—A special commission headed by Vice Consul Carleton, who recently participated in the demonstration made by the United States cruiser at the principal ports on the coast of Morocco, in consequence of the differences between the United States and Morocco relative to the rights of American citizens, has arrived at the city of Tangier.

The arrival of the United States warship at Tangier brought the local authorities to terms and the subsequent demonstration by the Raleigh at the ports along the coast completed the lesson. The commission is now pressing the claims of Americans who were assaulted and robbed by Moors, for indemnity.

SENATOR MCENERY.

Choctaw Club of New Orleans Gives Him a Reception.

NEW ORLEANS, Aug. 5.—The Choctaw club and the Democracy tendered Senator McEnery a reception at the Grand opera house last night under the presidency of Hon. W. A. Kernaghan, to indorse his course in congress.

The principle feature of the evening was a lengthy speech by Senator McEnery explaining his tariff policy. He gave the history of tariff agitation and showed that no support of free trade had ever been given by the Democratic party or Democratic leaders, the tariff for revenue only in Democratic platforms meaning incidental protection.

The Democrats who opposed the Dingley tariff bill in congress were mostly all in favor of protecting some local interest, and there were other interests besides local ones which hopelessly divided the Democratic members.

JEALOUS WOMAN'S DEED.

Notified the Coroner That She Would Have a Case for Him.

NEW YORK, Aug. 5.—This door not to be opened except by the coroner, such was the wording of a note pinned on the door of a room in the New York Music Conservatory building, occupied by Mary Jaeger, wife of a local music teacher. Within the room was the body of Mrs. Jaeger, carefully arrayed in white. The woman visited Coronet Heeber a few hours before and told him she would have a case to report to him shortly, and returned to her room, dressed herself in her best, pinned up the note above given, closed all the air giving apartments, turned on the gas, sat down at a table and died. Jealousy was the cause of the tragedy.

Instructions to Customs Officers.

WASHINGTON, Aug. 5.—The treasury department has issued a circular to customs officers directing special attention to the provision in the new tariff act prohibiting the entry of articles "which shall bear a name or mark which is calculated to induce the public to believe that the article is manufactured in the United States and collectors are instructed to use diligence in preventing its violation. Instructions are also given as to the filing of applications for the recording of trademarks in the treasury department under Section 2 of the new act.

Indiana Postmasters.

WASHINGTON, Aug. 5.—Indiana postmasters were appointed yesterday as follows: Bristol, L. J. Green; Graysville, T. K. Cushman; Haymond, John Walby; Levi, Roy Monroe; Lima Williamson Rawles; Mulberry, R. W. Peters; Millersburg, C. F. Widner; Osgood, J. C. Rose; South Whitley, E. E. Hissem.

The bodies of twin children were found in a pond near Huntington, Ark. They had been murdered.

Notice has been posted that the Hop and Phenix cotton mills at Providence, R. I., will be shut down.

The Northwestern Miller gives the flour output for last week at Minneapolis, Duluth, Superior and Milwaukee as 300,130 barrels.

Several hundred stenographers attended the centennial at Nashville on stenographers' day. They were from all parts of the country.

David W. Pond, wealthy, and formerly president of the Pond Tool and Machine company of Worcester, Mass., committed suicide at Plainfield, N. J.

An examination of Codman & Codman's books of Boston shows Miss Barrett, their bookkeeper, who suicided last week, to be a defaulter to the amount of \$9,500.

#### ANOTHER CUBAN RAID.

Insurgents Passed the Fort Without the Knowledge of the Spaniards.

HAVANA, via Key West, Aug. 5.—The insurgents dynamited the bridge near Esperanza railroad station of the city of Santa Clara on the night of July 29. The culvert was completely destroyed, traffic being stopped and all telegraphic communication being cut off. The authorities signalled by heliograph to Cienfuegos for relief. The next night, while local volunteer forces were patrolling the town, they came suddenly upon a group of insurgents in the center of one of the principal streets. The challenge was given and the insurgents replied with "vive Cuba libre" and opened fire.

The authorities are entirely at a loss to know how the insurgents entered the town and succeeded in getting by the fort garrisoned by the third regiment of local guerrillas, which was at the extreme end of the street.

As soon as the insurgents were discovered a great panic ensued among the residents, women, children and the aged fleeing through the streets and begging for protection, while the men either took sides with the insurgents or joined the Spanish forces. The stores were looted, the invaders providing themselves with food, clothing and cash.

BURGLARS ROB HER HUSBAND'S STORE DURING HIS ABSENCE.

JACKSON, Ky., Aug. 5.—Burglars entered the store of J. D. Moore and robbed the till of \$85 and took a large amount of goods. Moore and his family reside in the rear end of the store, but Moore was absent at the time, his wife and daughter being there alone. The burglars ordered Mrs. Moore to open the door, but she refused, and they broke in the door and fired a shotgun load into the counter within a foot of where the woman was standing. She refused to give them the money, and they told her if she did not accede to their demands they would assault her and her daughter. She then gave them the money.

DEATH OF MISER SCHRAGE.

Episode in Chicago Police History is Related.

CHICAGO, Aug. 5.—Miser Christopher Schrage, who was robbed of \$55,000 in bonds a year ago, is dead. The old man never recovered from the shock of losing his wealth, although the bulk of it was restored. During the past month he refused food and raved continually about the treasury.

The bond robbery formed a sensational episode in Chicago police history.

"Sleepy" Burke, an ex-convict, when arrested in connection with the case, confessed and implicated several prominent police officials and politicians in the affair. The accused men were not convicted.

REV. W. T. BOUCK, the talented pastor of Grace U. B. church, Carlisle Penn., writes September 28, 1895: "I always enjoyed good health until in 1892, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so crowded and noisy would weary me that it would require a day or more for me to recover from the exhaustion. It affords me great pleasure to say that Dr. Miles' Restorative Nervine and Restorative Tonic Remedies are sold by all drugists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

### John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### BUSINESS NOTES.

George Hoker is in the city from La-  
porte on business.

Bert Cox, who has been in the city on  
business returned last night to Indian-  
apolis.

Montgomery & Perry last night  
shipped a car of extra fat stock to Cin-  
cinnati.

Louis Baneke and wife, of Crothers-  
ville, drove up to the city yesterday on  
business.

John Garvey and wife, of Honeytown,  
came up to the city yesterday on busi-  
ness and to shop.

E. W. Determan, of Vincennes, is in  
the city in the interest of the Hack &  
Simons Brewing company.

George Marlatt, turner at the Hub and  
Spoke Factory, and wife, came home  
yesterday from a visit to Louisville  
friends.

E. C. Becht and W. A. Carter went to  
North Vernon yesterday where they will  
care for the inner man at the fair. They  
have snap and energy and will provide  
a good eating stand there.

We would like to look into the pleas-  
ant face of some one who has never had  
any derangement of the digestive or-  
gans. We see the drawn and unhappy  
faces of dyspeptics in every walk of life  
It is our national disease, and nearly all  
complaints spring from this source. Re-  
move the stomach difficulty and the  
work is done.

Dyspeptics and pale, thin people are  
literally starving, because they don't  
digest their food. Consumption never  
develops in people of robust and normal  
digestion. Correct the wasting and loss  
of flesh and we cure the disease. Do  
this with food.

The Shaker Digestive Cordial contains  
already digested food and is a digester  
of food at the same time. Its effects are  
felt at once. Get a pamphlet of your  
druggist and learn about it.

Laxel is Castor Oil made as sweet as  
honey by a new process. Children like  
it.

### Postmasts' Shields.

Dr. S. W. Shields, who was recom-  
mended some time ago for postmaster  
at Ewing, has received the appointment  
and will doubtless succeed W. L. Bet-  
ton, the present incumbent, in a few  
days. Dr. Shields is a first class citizen,  
an intelligent gentleman and will make  
an efficient postmaster.

### A Remarkable Cure of Chronic Diarrhoea.

In 1861, when I served my country as  
a private in Company A, 167th Penn-  
sylvania Volun'ers, I contracted  
chronic diarrhoea. It has given me a  
great deal of trouble ever since. I  
have tried a dozen different medicines  
and several prominent doctors without  
any permanent relief. Not long ago a  
friend sent me a sample bottle of Cham-  
berlain's Colic, Cholera and Diarrhoea  
Remedy, and recommend it to all suf-  
fering veterans. If in doubt write me.  
Yours gratefully, Henry Steinberger,  
Allentown, Pa. Sold by C. W. Mil-  
hous, the druggist.

### Stands at the Head.

Aug. 5, Bogel, the leading druggist of  
Shreveport, La., says: "Dr. King's New  
Discovery is the only thing that cures  
my cough and it is the best seller I  
have." J. F. Campbell, merchant of  
Safford, Ariz., writes: "Dr. King's New  
Discovery is all that is claimed for it; it  
never fails and is a sure cure for Con-  
sumption, Coughs and Colds. I cannot  
say enough for its merits." Dr. King's  
New Discovery for Coughs, Consumption,  
Colds and Colds is not an experiment. It  
has been tried for a quarter of a century  
and today stands at the head. It never  
disappoints. Free trial bottle at W. F.

Editor Morrison, of Worthington  
Ind., "Sun," writes: "You have a val-  
uable prescription in Electric Bitters, and  
I can cheerfully recommend it for Con-  
stipation and Sick Headache, and as a  
general system tonic it has no equal."

Mrs. Annie Stehle, 2025 Cottage Ave.,  
Chicago, was all run down, could not eat  
nor digest food, had a backache which  
never left her and felt tired and weary,  
but six bottles of Electric Bitters re-  
stored her health and renewed her

### Another Sign of Prosperity.

ALEXANDRIA, Ind., Aug. 4.—The good  
effects of the Dingley tariff measure are  
noticeable even at this early date in this  
city. The Union steel mills, whose  
operations for the past three years have  
been spasmodic and uncertain, are now  
furnishing more than four hundred  
families regular and certain employ-  
ment. The puddling mill is running  
double turn, while the bar and sheet  
mills are running full handed and with  
the usual number of turns. The im-  
proved state of affairs is very apparent  
to merchants in the city, and promises  
much for the coming winter.
